

Principelle Linisol

Mind your lips: bio-active relief for cold sores

Protect your lips from the discomforting presence of cold sores. Linisol helps prevent and minimise the effects of blisters. Soothing upon application.

Small tube, always carry in pocket or purse. Protect your lips from bright sunlight, use at the first sign of emerging cold sores, use when feeling a burning sensation on your lips, has a long-lasting moisturising effect.

Active components:

- Propolis
- Clove oil. A natural analgesic and antiseptic due to its main ingredient eugenol.
- Eucerin

Application: Use a small amount of Linisol in a thin layer, avoid rubbing. Apply 3-4 times daily.

Caution: Discontinue usage if signs of sensitivity occur.

Storage: Room temperature (15-25°C).
